

## PARENTAL CONSENT FORM

Dear Parents,

This school year, students will be using Edpuzzle as a complementary educational platform that will allow them to watch interactive lessons in class or at home and complete assignments related to these lessons. The use of this web-based software and application is intended to further engage students and also to better identify each of their learning processes.

Edpuzzle can be used through two types of accounts: teacher and student accounts. Student accounts and information related to them are stored completely privately and are only accessible to us as your child's teachers. With their Edpuzzle accounts, students will watch interactive lessons, respond to questions to evaluate their understanding of the subject, and get feedback from their teachers regarding their performance.

In the United States, the Children's Online Privacy Protection Act (COPPA) requires online service providers like Edpuzzle to obtain verifiable parental consent and provide parents with a direct notice before collecting, using, or disclosing personal information from children under the age of 13, except in limited scenarios.

If your child is under 13, we need your consent to create your child's student account on their behalf. Please sign below and return the slip as soon as possible!

To learn more about Edpuzzle, please visit their website at [www.edpuzzle.com](http://www.edpuzzle.com) and consult their Privacy Policy and Terms of Service at [www.edpuzzle.com/privacy](http://www.edpuzzle.com/privacy) and [www.edpuzzle.com/terms](http://www.edpuzzle.com/terms), respectively.

Thank you!

**Yes, I give permission for the school to create a student Edpuzzle account for my child and for Edpuzzle to collect, use, and disclose the information about my child as explained in Edpuzzle's Privacy Policy.**
